

## EDDY KRIEGER

Your personal guiding expert in Australia

I have been involved in the travel industry since 1961 and have travelled all over Australia.

I have lived with Aboriginal tribes in the desert, hunted fish in their rivers and ate kangaroo and emus at their campfires.

I have also taken parties of tourists into the Australian hinterland by 4wheel drive vehicles and on horseback being a qualified horserider.

My passion is ancient history and the relationship of the European settlers into the Australian landscape. I am quite comfortable in showing you any of our capital cities or the real Australian bush.

I can do it easily in French, Italian or English.

“My wife, son and I traveled to Sydney for the first time and had no idea what exactly to expect. I booked the Real Sydney Tour around Sydney as one of my first vacation to do’s. It was one of the best decisions that I have ever made as far as a vacation activity. Suanne will actually pick you up at the airport for a small fee and after an all night flight, we decided to go straight to our tour after dropping our luggage at the airport. Suanne and Eddy were incredible tour guides. They know this city inside and out and offer a personal and customized tour of this incredible city. Suanne is so knowledgeable about the city and is one of the sweetest people you will ever meet. They took us everywhere around the city and gave us a taste of what Sydney is all about. We had tea in the morning with tastes of Sydney as the theme. I loved the Tim Tams and my wife loved the vegemite. We then toured more of the city and did some walking around to see some of the incredible sites around Sydney. We even saw a whale as we stopped at one of the beaches. We then had lunch at Bondi Beach at a wonderful beach club and just relaxed. Eddy took us on a walk around one of the beautiful parks and then back to our hotel It was the highlight of a wonderful vacation.

We loved the city tour so much that we booked the Blue Mountains tour with them and it was just as great. It was a full day of personal attention and some of the most scenic views I have ever seen. We did some hiking and just enjoyed God’s creation in a personal way with Suanne and Eddy offering wonderful commentary to put it all into context.

I highly recommend that you let Suanne pick you up at the airport and do both the city tour and Blue Mountains tour with her and her group. She keeps the number on the tour low so it can be personal and you will just enjoy hanging out with her and the people that work with her. I haven’t recommended many things before on trip advisor but this was well worth the time to share my experience.”
